

Paul Williams

Although born in London, I have spent almost all of my life in Milton Keynes. I've been a passionate advocate for Milton Keynes over the years and was elected to Milton Keynes Council in May 2012, representing Campbell Park Ward.

I've worked as an Operational Lead at Milton Keynes Hospital, before working for the Hospital's Transformation Programme.

As a disabled Councillor I've campaigned on a number of health issues and am currently a member of the Health and Adult Social Care Committee of Milton Keynes Council. I've also been involved with the Health and Wellbeing Board which brings together health, social care and public health services.
